Pricing is for subjects only, no background. Backgrounds are extra and pricing will vary based on the complexity. For an example see the drawing of Rex (left), my dog sitting on the porch.

Feel free to [reach out](#) to discuss your specific needs or if you have any questions.

** Prices subject to change.*

***Giclée (zhee-klay): a Giclée is a fine art print using a specialized high resolution inkjet printer. Giclée prints are extremely high level of quality, longevity and value compared to digital prints or standard ink jet prints*

Size Selection

8" x 10" – Best suited for a single subject, two at the most. The more subjects there are the smaller they will appear in the portrait and the less detail that will show.

11" x 14" – The most popular size. It provides for greater details in one or two subject portraits and is well suited for up to 4 subjects.

16" x 20" – Great for family portraits, montages or if you are looking for something to hang in that special place in your home.

** All portraits are drawn to allow for matted framing. The size selected is the viewable size and not the paper size.*
